BELLINO, Francesca. History and *adab* in the *Kitāb al-Ma'ārif* of Ibn Qutayba. *Quaderni di Studi Arabi*, NS / 16 (2021) pp. 61-97. "Frames the *Kitāb al-Ma'ārif* of Ibn Qutayba (d. 276/889) against the background of the evolution of the Abbasid historiography and the emergence of early forms of Islamic universal histories in particular. It shows that it is an *adab* work insofar as it offers a set of useful knowledge needed by the non specialist reader, namely the non-historian, whether he is a *kātib*, an *adīb*, or any other figure working in the Abbasid bureaucracy."
